SmartCLOUD™ DaaS

Data Leakage?

USB

Secure your Mobile Workplace!

A minute-long video showing Hong Kong's prison CCTV footage was made public on social media lately. A delivery man who claims to upload the video found a USB drive in his vehicle. Nowadays, staff often bring along their company data with their mobile devices, then work from home and anywhere. What if your company's confidential data is leaked out to public or competitors by human mistake? How much will it cost for remedy, in terms of time, money and reputation?

CITIC Telecom CPC's SmartCLOUD™ DaaS, a cloud-based Desktop-as-a-Service solution, enables your team to work everywhere without bringing the sensitive company data all the way. To understand how to prevent the huge but avoidable loss, take action and join the **FREE Trial now!**
