FOR IMMEDIATE RELEASE

**CITIC Telecom CPC Wins the Growth Excellence Award
for IP-VPN Service**

Evidences Global Recognition for Its Performance

Hong Kong, October 18, 2013 – CITIC Telecom International CPC Limited (CITIC Telecom CPC), a wholly-owned subsidiary of CITIC Telecom International Holdings Limited (SEHK: 1883), was honored to announce the winning of the “2013 Frost & Sullivan Asia Pacific Best Practices Awards – Greater China Growth Excellence in IP-VPN Market”. The award testifying to the recognition it enjoys worldwide for its innovative technology and excellent quality services.

World-class Recognition for Industry-leading Service

The “2013 Frost & Sullivan Greater China Growth Excellence Award in IP-VPN Market” is conferred to the company that has demonstrated excellence across two key facets – growth strategy and growth implementation. Frost & Sullivan analysts, together with an internal panel of judges evaluated the nominees based on their revenue and revenue growth, market share growth, innovation and achievements, as well as customer satisfaction.

Frost & Sullivan pointed out that “CITIC Telecom CPC was well-acknowledged for its continued excellence in the VPN market and unremitting effort in service enhancement and product innovation, achieving exemplary growth rate in 2012, which outcompetes most of its competitors in the Greater China VPN market.”

“We are honored to receive this award from Frost & Sullivan, which recognizes CITIC Telecom CPC’s substantial effort and investment in TrueCONNECT™ MPLS VPN service, which today manage over 60 Points-of-Presence globally,” said Mr. Stephen Ho, CEO of CITIC Telecom CPC. “Being ‘customer focus’ is what underscores our success. This award recognized our success in designing and implementing a customers-first strategy that has produced tangible and quantifiable results, which echoes our mission – Striving for Service Excellence.”

Quality is the name of the game

In fact, CITIC Telecom CPC is the first VPN service provider in Hong Kong to receive all three ISO certifications – ISO 9001, ISO 20000 and ISO 27001. This demonstrates the company's effort in delivering exceptional quality service with high security standard. Leveraging on the reliable infrastructure brought by TrueCONNECT™ MPLS VPN, CITIC Telecom CPC has launched two flagship products – TrustCSI™ Information Security Service in 2007 and SmartCLOUD™ Cloud Computing Solution in 2011, which complement each other seamlessly and together drive forth the company's business continuously.

Going forward, as businesses continue seek for trusted partner to help for their global expansion, CITIC Telecom CPC will continue it's effort to extend its geographical footprint by strengthening its network infrastructure as well as forging strategic partnerships with regional communications providers. It will also continue its effort in providing sophisticated managed security services, cloud computing solution as well as a suite of managed services to serve the market as a trusted ICT solution partner.

Mr. Ivan Tang, Senior Vice President of Sales at CITIC Telecom CPC receives the “2013 Frost & Sullivan Asia Pacific Best Practices Awards – Greater China Growth Excellence in IP-VPN Market” on behalf of CITIC Telecom CPC.

###

About CITIC Telecom CPC

CITIC Telecom International CPC Limited ("CITIC Telecom CPC"), a wholly owned subsidiary of CITIC Telecom International Holdings Limited (SEHK: 1883), is a trusted Information and Communication Technology (ICT) solutions provider with multiple branches across Asia Pacific, and a preferred partner by multinational corporations and business enterprises.

CITIC Telecom CPC delivers a range of innovative services, including: **TrueCONNECT™** - an advanced MLPS VPN service which employs state-of-the-art fully meshed network, **TrustCSI™** - an integrated suite of information security solutions, and **SmartCLOUD™** - smarter, better and high performance cloud computing solutions which complement the company's managed network and managed security solutions.

As further testament to its commitment in providing premium quality services in the Asia Pacific region, the company became the first VPN service provider in Hong Kong to achieve all three ICT related certifications in ISO 9001 – Quality Management System, ISO 27001 – Information Security Management System and ISO 20000 – Information Technology Service Management System.
