Innovative DataHOUSE™ Cloud Data Centers

Digital Transformation
under a Multi-level Secure Shelter

The developments along the "Greater Bay Area" bring huge business opportunities to the market. Grasping these golden opportunities, CITIC Telecom CPC newly launched DataHOUSE™ @Guangzhou, an innovative cloud data center located in Guangzhou Science City and certified with **Multi-level Protection Scheme (MLPS)**, which is conformed to China's latest regulations on Cyber Security, providing a high standard of data protection for enterprises.

Leveraging high-speed private network backbone and interconnecting other DataHOUSE™ in Hong Kong, along the OBOR and the globe, CITIC Telecom CPC provides different industries segments not only the reliable hosting services, but also the true intra- and inter-city DR and backup solutions. Enterprises could now easily and securely connect their business to the high growth markets.
