

Safe Home for your applications and data with NEW Power Alert Notifications

It's always important to ensure your critical applications and data assets are in safe hands, and be notified in 24x7 for any incidents that may put your business operations in risk. CITIC Telecom CPC's new **power push notification function through ManagedCONNECT mobile app** to DataHOUSE[™] customers, allows enterprises to set their own power threshold for the alert and lets them receive proactive notifications anytime, anywhere so that immediate remedy actions could be taken.

Check out more about our DataHOUSE™ from the below videos.
